

HABITAT PLANTS

REVEGETATION SPECIES LIST AUTUMN / SPRING 2017

- This list contains the plants we grow in larger quantities, in tubes, for revegetation type projects. Included are plants for a range of habitats.
- If you need plants for your project that are not listed here, our catalogue provides a more comprehensive list.
- Plants are grown outdoors at Liffey – result - well hardened stock.
- Every season we grow a limited number of each species – hoping they will all find a new home. When this happens – we are out of stock – temporarily! Sorry!

SIZES & PRICES:

Some Grasses and a few other species are available in: Mini Tubes (50 x 50 x 50 mm) ○ they are marked * on this list		\$ 2.00
A wide range of Plants , mostly grown from seed are available in: Slimline Tubes (50 x 50 square x 120 mm high) • prices are discounted according to quantity purchased: ○ there is no minimum number per species required ○ they are marked # on this list	1 - 49 50 - 99 100 - 499 500 plus	\$ 3.00 \$ 2.50 \$ 2.10 \$ 1.80
Plants which are more time consuming to propagate or grow are available in Slimline Tubes or Grow Tubes (75mm diameter x 100mm high). • prices start from: ○ they are marked ♦ on this list		\$ 3.50 -

CONTRACT GROWING:

With sufficient notice we can grow the plants for your project (the closing date for advance orders for the 2018 planting season is the 31st of October 2017, for most species).

Growing your plants in advance means:

- specific provenance selection – we will grow plants from stock best suited to your area
- your plants will be ready when you are ready for planting
- further discounts apply – Please ask for a quotation.
- (25% deposit applies to advance orders)

Small Plants		
◆	Amperea xiphioclada	Weavers Delight
#	Bossiaea cordigera	Wiry Bossia
◆	Brunonia australis	Blue Pincushion
#	Carpobrotus rossii	Pigface
*#	Dichondra repens	Kidney Weed
◆	Euryomyrtus ramosissima	Creeping Heathmyrtle
◆	Goodenia elongata	Lanky Goodenia
#◆	Helichrysum scorpioides	Creeping Everlasting
◆	Hibbertia prostrata	Prostrate Guineaflower
◆	Hibbertia riparia	Erect Guineaflower
◆	Hibbertia serpyllifolia	Fineleaf Guineaflower
#	Kennedia prostrata	Running Postman
◆	Leptorhynchus squamatus	Scaly Buttons
#	Pelargonium australe	Native Pelargonium
#	Rhagodia candolleana	Coastal Saltbush
◆	Stackhousia monogyna	Forest Candles
◆	Tetragonia implexicoma	Bower Spinach
◆	Viola hederacea	Wild Violet
#	Wahlenbergia ceracea	Bluebell

Water & Bog Plants		
◆	Baloskion australe	Mountain Cord Rush
#	Baloskion tetraphyllum	Tassel Cord Rush
#	Bolboschoenus caldwellii	Sea Clusledge
#	Carex appressa	Tall Sedge
#	Carex fascicularis	Tassel Sedge
#	Carex inversa	Knob Sedge
#	Carex tasmanica	Curly-Top Sedge
#	Cyperus lucidus	Leafy Flatsedge
#	Ficinia nodosa	Knobby Clusledge
◆	Gahnia grandis	Cutting Grass
◆	Gunnera cordifolia	Heart Leaved Gunnera
#	Isolepis inundata	Swamp Clusledge
#	Juncus gregiflorus	Manifold Rush
#	Juncus krausii	Sea Rush
#	Juncus pallidus	Pale Rush
◆	Myriophyllum variifolium	Variable Watermilfoil
◆	Neopaxia australasica	White Purslane
◆	Ranunculus prasinus	Tunbridge Buttercup
#	Schoenoplectus validus	River Clusledge
#	Villarsia reniformis	Marsh Flower

Grasses, Lilies		
#	Arthropodium strictum	Chocolate Lily
*	Austrodanthonia caespitosa	Common Wallabygrass
#	Bulbine bulbosa	Bulbine Lily
#	Bulbine glauca	Rock Lily
◆	Dianella brevicaulis	Arching Flax Lily
◆	Dianella tasmanica	Tasman Flax Lily
#	Dichelachne crinita	Long Hair Plume Grass
#	Diplarrena moraea	White Flag Iris
#	Ehrharta stipoides	Weeping Grass
#	Lomandra longifolia	Sagg
◆	Patersonia fragilis	Short Purpleflag
◆	Patersonia occidentalis	Long Purpleflag
*#	Poa clivicola	Fine-leafed Snowgrass
*#	Poa gunnii	Gunns Snow Grass
*#	Poa labillardierei	Tussock Grass
*#	Poa mollis	Soft Tussock Grass
*#	Poa poiformis	Coastal Tussock Grass
*#	Poa rodwayi	Rodway's Poa
◆	Stackhousia monogyna	Forest Candles
#	Stipa spp.	Spear Grass
#	Stylidium graminifolium	Trigger Plant
#	Themeda triandra	Kangaroo Grass

code: pot sizes / types		
#	slimline tubes seed grown (general lines)	
*	mini tubes	
◆	cutting grown / more difficult to grow plants in slimline tubes or grow tubes	
species marked <input checked="" type="checkbox"/> are known to have the potential to invade natural bush outside their range.		

Ferns		
◆	Blechnum nudum	Fishbone Water Fern
◆	Blechnum penna-marina	Alpine Water Fern
◆	Blechnum wattsi	Hard Water Fern
◆	Dicksonia antarctica	Tree Fern
◆	Polystichum proliferum	Mother Shield Fern
◆	Todea barbara	King Fern

For more tree-guard options see 'other products' on our website.	

* note: prices for tree guard materials and fertilisers may be subject to change

Freight: Statewide delivery with Fastway.

HOW TO FIND US:

RECYCLING:

Packaging: Help us reduce plastic bag use - bring your own bags / containers to the Nursery.

Pots: We recycle only the types / sizes of pots that we use in our nursery, for nursery hygiene reasons they must be clean (free of soil, snails, slaters, weed seeds) when they are returned to the nursery.
